

Sports Premium Funding – Summary 2018-2019

The National Curriculum for PE

A high-quality physical education curriculum inspires all pupils to succeed and excel in competitive sport and other physically-demanding activities. It should provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Opportunities to compete in sport and other activities build character and help to embed values such as fairness and respect.

The National Curriculum for physical education aims to ensure that all pupils:

- develop competence to excel in a broad range of physical activities
- are physically active for sustained periods of time
- engage in competitive sports and activities
- lead healthy, active lives.

PE provision in our school

All children participate in 2 x 45 minute sessions of PE each week (one outside and one inside).

We have a range of sports available to children in lessons: dance, gymnastics, invasion games, multi skills, hockey, football, athletics, golf, tag rugby, netball, basketball, cricket, rounders, lacrosse and tennis.

Swimming is taught by staff at Fareham Leisure Centre to all Year 5 children.

All children are encouraged to take part in extracurricular clubs run by staff and external agencies. Sports clubs available this year included: Football Club, Tennis Club, Handball and Dodgeball Club, Netball Club and Dance Club.

What can the Sports Premium funding be used for?

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport to encourage the development of healthy, active lifestyles.

The school should use the premium to:

- develop or add to the PE, physical activity and sport activities that your school already offers
- build capacity and capability within the school to ensure that improvements made now will benefit

It can be used for improvement in the following areas:

- the engagement of all pupils in regular physical activity
- the profile of PE and sport is raised across the school
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

How much money was the school given?

The funding allocated to our school in 2018-2019 was £18,310.

What was the money spent on?

The funding has been allocated to be spent on the following areas:

- To hire qualified sports coaches to increase the confidence, knowledge and skills of all staff so that they are able to teach PE and sport more effectively.
- To hire qualified sports coaches to run two lunchtime clubs and an after school club with a wider range of sports on offer than the school can normally provide.

- To pay for courses to increase the knowledge and understanding of the PE lead (Gymnastics, the PE curriculum, Football). This information will be shared with in staff through a staff meeting.
- To enable the PE lead to work with children during sports competition as part of the Games Mark including Indoor Athletics for all year groups, Tag Rugby for Year 5 and 6, Bench ball and cross country.
- To purchase a range of sports equipment including badminton equipment, netball bibs and lunchtime play equipment.
- To increase the number of lunch staff available to run structured sports activities for children.

What impact has the school seen on pupils' PE and sport participation and attainment?

By buying additional resources to use at lunchtime and increasing the number of staff available to run structured activities, children are more engaged and more active. We have also begun to see a reduction in the number of minor incidents at lunchtime.

By taking part in external sports competitions, we have achieved the Bronze Games Mark award.

The PE lead has appreciated his training and says he feels more confident and inspired to lead and develop the staff and the children.

Hiring qualified sports coaches has enabled us to offer a wider range of sports to children across the school. Pupils who attended the clubs said, "I liked the fact that we could choose which sport would be on offer at the clubs" and "The sports teacher knew all the different sports really well, he made us really think about what moves we could do when we had the ball". Staff who worked alongside the coach said "The children benefitted from a wider range of warm up activities and skills based activities. They enjoyed learning different sports than we normally offer in the curriculum".

What are the plans for 2019-2020?

To replace the aging play trail which provides an opportunity for daily climbing

To provide specific PE training to individual staff

To add new markings on the playground to encourage children to be active in unstructured times
